

JOINERY JOINERY

This taster takes place in Glasgow Kelvin College. You will meet a tutor who will explain what to expect from a joinery course. During your taster session you will make a small item like a stool or planter. The tutor will explain how to make the item and you will have the chance to use tools and machinery in the workshop. During this fun and interactive taster you can ask the tutor any questions you have regarding college or employment within the industry.

Items you make can be taken home.

PAINTING & DECORATING

This taster also takes place in Glasgow Kelvin college (If you choose this taster in addition to the joinery taster you will spend some of your time painting your joinery item). Tutors will help you to produce a finished piece using several tools and skills used in the painting and decorating trade. During the practical activity informal discussions will be had around your goals and how you can achieve them through college, training or employment opportunities.

The items you create will be available to take home.

CHILDCARE

This taster takes place in Glasgow Kelvin College. You will be welcomed and introduced to the college. You will gain a good understanding of early years education through participating in a variety of different fun and engaging activities. This taster gives you an insight into childcare and the methods used to work with and engage with children.

You will have the opportunity to discuss and ask questions about childcare routes and options available to you.

HAIRDRESSING

This taster takes place in Glasgow Kelvin College you will be introduced and welcomed to the college. You will then see a demonstration of hairdressing skills. After you will get the chance to practice some simple techniques on practice heads including blow drying and styling. You will learn how a hairdressing service develops learning both the business side as well as the creative work. You will work under supervision learning about customer care and consultation procedures to meet the need of clients. During the taster you will have the chance to ask questions around your aspirations and how you can achieve them through college, training or employment opportunities.

ART & DESIGN

This taster takes place in Glasgow Kelvin college you will be introduced and welcomed to the college. The tutor will lead a demonstration on art skills using both manual and digital techniques. You will have the opportunity to create a drawing suitable for transfer onto a lino block. You will work under supervision whilst gathering information on how to put creative thoughts onto paper and how these can be used on many materials using print techniques. You will also have the opportunity to print your design onto a lino block to take home. During this taster you will have the chance to ask questions around your aspirations and how you can achieve these through college, training or employment opportunities.
